Permit Number: OCRM-06-299-M
Permit ID: 55555

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Donald T. Venable
851 O'Sullivan Drive
Mount Pleasant, SC 29464

LOCATION: On and adjacent to Abbapoola Creek at 2712 Castnet Road, Johns Island, Charleston County, South Carolina.
TMS#: 259-00-00-140.

WORK: The work as proposed and shown on the attached plans consists of completing construction and making additions to a previously permitted dock. Specifically, the applicant proposes to place decking over existing pilings to complete a 4' by 173' walkway that will lead to an 8' by 10' fixed pierhead. Ebbside of the pierhead, a ramp will access an 8' by 10' floating dock. The applicant also proposes to install a 6' by 8', single-pile boatlift on the upstream side of the proposed pierhead. The existing structure was installed under Permit Number OCRM-98-729-G, which has expired. The purpose of the activity is for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before October 7, 2006. For further information please contact the project manager for this activity, Fred Mallett at 843-747-4323 ext. 119.
